MORE COMPANIES ARRIVING -The Indianapolis Journal says:

The disaster at Manassas seems to have increased patriotic ardor. Several companies of volunteers arrived yesterday, and went into camp-each cheering heartily, and seemingly determined to wipe out the remembrance of the defeat of our arms. NEWS IN SECESSIA.-We have received from a friend a copy of the Henderson (Ky.) Reporter, a Secession paper, from which we gather important news.

One item says that Col. Sigel with eleven hundred men attacked the State treops at Curthage and got badly whipped. A little farther on he says the loss of the Federal troops under Sigel was one thousand seven handred killed and wounded, and two thousand seven bundred taken prisoners. Among the killed are Cols. B. Gratz, Brown, S. loman and Wolff.

The Reporter comforts the rebels with the assurance that they have hosts of friends and sempathisers in the North, and quotes the New York Day Book, the Albany Argus, Vallandigham and other Northern traitors to show that they are preparing to rush to the a wistance of the Southern Confederace.

VERNILLION COURT INVINCIBLES - This is, we believe, the name of a most excellent company of volunteers that reached our city List night from our enterprising and patriotic o ster county up the River. The company consists of one hundred and two men, and the uniformity in size of the men is remarkabe. There is not a small man in it:

The officers are: Ciptain, H. D. Washbarn, 1st L'eutenant, J. C. Jenks,

21 Lientenant, Jasper Nebaker.

With the first two of these we are well acgrainte I and know them to be true men, and tiey will make good officers. They leave t is morning for Indianapolis to join Colone! M: Milian's Regiment, and we venture they will compare lavorably with any company that Regiment or any other man's."

Their coming was unexpected, and the stiring strains of the shrill fife and the rattle of their drums created some little excitemen in our city. The company marched dow street in excellent order, and were follows by a train of over thirty wagons, which gave them the appearance of an army with the biggage aboard. They were quartered tie Clark House over night. We predict brilliant future for the Vermillien Invincible and their gentlemanly, intelligent and gal lant officers.

The golden treasure at the State House is guarded day and night by a detachment of epidiers. As fast as the three months troops arrive from Virginia, they will be paid with t'e specie which the Government provides for its defenders. After it is distributed among the boys, it will no longer need a guard, but will circulate as freely from hand to hand and from till to till as the boys them. selves circulated among the rebels and mountains of Western Virginia -- Jud. Our neighbor of the Journal intlmates that we delight to call men rebel sym pathisers, merely to gratify an old political or personal grudge. In this he is entirely mistaken. We know of no Democrat on earth against whom we have either a personal or political grudge, and it is certainly no pleasure to us to hear any man express sentiments disloyal to the Government, but or the contrary it grieves us terribly. But when a man in the streets of this city, upon being told that the Federal army has been defeat ed by the rebels, says: "He hopes to God i is so, that it will teach the d-d Abolitionists a lesson how they invade Southern soil"can any same man doubt, with whom he sympathises? This, we are assured, was done in this city by a distinguished gentleman for whom we certainly never entertained any but the most friendly feelings. Other men have expressed themselvos in terms nearly as em phatic and no more patriotic. We ask no man to endorse Abraham Lincoln, but we de ask all men to stand by the Government, and by the old flag under which our fathers fought and in which they delighted. When Congress, with but two dissenting voices, declare that this war was forced upon the Government by the rebels, can any man who loves his country, hesitate to stand firmly by the Government? We have no party feeling in the matter-we say perish all party-but reserve the institutions and Government under which we have enjoyed so much happiness, that we may trausmit them to our chilfren, unimpaired.

Matchett, a trader probably as well-known as any man in Western Pennsylvania, states as fullows: "I met with a farmer in Armstrong county who was reduced by Dyspepsia to a mere skeleton. I persuaded him to by a bottle of Borhave's Helland Bitters, believing it would cure him. Meeting him. some months after, what was my astonishment at finding him a hale, hearty man; he told me he now weighed two hundred pounds, and that this wonderful change had been produced by Borhave's Holland Bitters to which be attributed solely his restoration."
